How to do: Get a log and drop files this tutorial explains how you can get game records and dump. Usually the upload an accident dumping or just find the id. Registration files and fault evictions do not contain no private information so that you can post them publicly. Game log location location location files and fault evictions do not contain no private information so that you can post them publicly. Game log location location location location files and fault evictions do not contain no private information so that you can post them publicly. Game log location location location location location data from the different game data: for Windows: c:\underset users\underset Swing "Show Hidden Files and Folders" to open it: http://windows.microsoft.com/en-us/windows/show-hidden-files for Mac Os X: ~/Library/Application Support/Uber Entertainment/Planetary Annihilation/Log/For GNU/Linux & Steamos: ~/.Local/Uber Entertainment/Planetary Annihilation/Log/Please keep in mind that only game errors appear on log. For example, library related errors appear only in the console's output. Getting the game log, then remove all files within the "Log" direction and run the game again. New file will be created and it will contain the whole outlet of the game. Find the eviction identifier this part of the instrument is for Windows-Apenas for now. If you have been invited to dump, you need to do this: Open the log file with any text editor. For Windows I recommend Notepad ++ [Notepad-Plus-Plus.org] go to the end of the file and find strings that look like this: CrasHid = BP-F176DD3E-3AAF-4784-B64F-D7D072141102 CRASHUPLOAD Returned your accident dumping id .otsi .otsi arba ,odajepsed racif araP SORTUO .etnedica od DI o erbos uotnugrep ^aAcov eug arap etnemacitamotua odagerrac iof o£An etnedica ed ojepsed o eug acifingis ossI oda§Anacla daolpu ed etimiL OFNI]819.72:70:20[:missa ogla arap "daolpU" odnamoc o s³Ãpa ahnil amix³Ãrp a euqifireV :etnatropmi atoN ."201141270d7d-f46b-4874-faa3-e3dd671f-pb" yna teg uoth fiâ ã,dâ â,ronotartsinim eht Nur ot erus erusâ ã yalp dna nuf vah.noitacilppa exe eht nur dna redlof :noitenal yrattentalp hattentalp hattent hattentalp â€â€âwon Daolnwodâ€â€JUMD, then, 5c. The ship had 20 life boats before leaving Europe, the crew members decided to remove some of the life boats when it left. Each boat could hold 64 passengers, but most of them left the ship in half its capacity. The first life boats contained only 28 passengers, as he retreated from the sinking ship. One of the richest men in the world died on the ship John Jacob Iv, one of the richest men in the world died on the ship. Rescue teams recovered their body lifeless in a few days. The decoration was modeled after a London hotel the luxurious interior of the Titanic was not an accident. It was loosely inspired by the Ritz London. Rich mahogany furniture with intricate details and fine tennis filled the first-class rooms. Even the white walls with panels in the third-class sections of the ship were beautiful. The ship had more than 2200 passengers who had no problems identifying the survivors and victims of the wreck. They knew there were more than 2300 passengers on board, but many of them travelled with assumed names or with fake documents. As a result, the number of dead is only an estimate. The mail members really thought the ship was unchangeable, even if the ship hit an iceberg, the crew did not react immediately. They believed in the reports that the ship was inaccessible and did not start evacuation until an hour later. If they weren't so confident, they could have been able to save a few more lives.
